The City Council of Chicago, several years ago, passed an ordinance imposing a tax of two per cent. on the gross receipts of insurance companies doing business in the city, whose headquarters were outside of the State of Illinois. A short time ago a test case was submitted to the Superior Court, whose decision was made public. It holds that the ordinance was legal. A large amount of money is involved.

A clergyman in Pittsburgh, married a lady with whom he received the substantial dowry of \$10,000 and a fair prospect for more. Soon afterwards while occupying the pulpit, he gave out a hymn, read the first stanza, and was reading the 5th.

"Forever let my grateful heart,  
His boundless grace adore,  
When he heaved and exclaimed:  
"Alum! the choir will omit the 5th verse," and sat down. The congregation noticing his apparent confusion, read the remaining lines.

"Which gives ten thousand blessings now  
And bids me hope for more."

Pursuant to the action of the committee, a Democratic Convention is called to meet at Catlettsburg, at 1 o'clock p. m., on the 21st day of August, 1884, for the purpose of nominating a candidate for Congress in the Ninth Congressional District.

CONGRESS

**Shows Disposition to Recover Unearned Land Grants.**  
WASHINGTON, June 30.—In the Senate Mr. Slater presented the majority report of the Committee on Public Lands in favor of the bill to forfeit the unearned lands of the Northern Pacific Railroad.

Mr. Plumb introduced a bill to forfeit unearned lands granted to the Florida Railroad Company.

Mr. Fair introduced a bill to modify the existing laws relating to commerce and navigation.

Mr. Morgan reported favorably from the Committee on Public Lands a bill forfeiting the lands granted to certain States to aid in the construction of railroads.

A Senator reported adversely from the same committee a bill granting \$20 acres of land to each of the survivors of the Muncie Meadow massacre. The bill was placed on the calendar.

Mr. Cameron (Pa.) moved to discharge the Finance Committee from further consideration of the bill for the retirement and coinage of the trade dollars. Lost—31 to 26.

**Measures.** Hale, Allison and Cockrell were appointed conferees on the General Deficiency Bill.

The House Bill limiting the time within which prosecutions may be instituted against persons charged with violating the internal Revenue laws to two years led to some debate.

Mr. Sherman opposed the bill on the ground that it opened the door to fraud. He pointed out that whisky frauds extended over a period of years, and it would be impossible to punish many of the perpetrators under such act. The limitation was opposed by Mr. Sherman, and extended to three years and the bill passed.

Mr. Vest reported favorably from the Committee on Public Buildings and Grounds a bill for the erection of a public building at Akron, Ohio.

**HOUSE.**  
The Deficiency Appropriation Bill was received from the Senate, soon after the House assembled, and the amendments made there were disagreed to.

Messrs. Randall, Burns and Calkins were appointed conferees.

Mr. Lewis (La.) introduced a joint resolution directing the Attorney General to institute proceedings for the recovery of lands granted the Louisiana Backless Railroad.

Mr. King (Ill.) introduced a bill appropriating \$20,000 to be expended by the National Board of Health in preventing the introduction of Asiatic cholera.

Mr. Randall (Penn.) offered a joint resolution continuing for five days after to-day the appropriations for the current fiscal year for carrying on the Government and the appropriations for not been made.

This covers all branches of the Government, except the Military Academy, Agricultural Experiment Station, District Columbia, whose bills have been passed.

Mr. Ellis (La.) from the Conference Committee on the Indian Appropriation Bill, submitted a report. The committee reached an agreement by mutual concessions and compromise on all but four of the 165 amendments which the Senate made to the bill. The four amendments on which the committee failed to agree related to Indian inspectors.

The House inserted in the bill the clause abolishing the office of Indian Inspector and provided for by detailed army officers, not below the grade captain, to perform the duties. This the Senate struck out and made a necessary appropriation to pay five inspectors now authorized at \$3,000 each. The bill as agreed upon in conference is \$30,015 more than when it left the House and \$20,325 less than it passed the Senate. The total amount appropriated is \$3,890,000, which is \$2,007,407 less than its estimate.

**HE GOT THERE.**  
He Set in to Marry the Whole Family, and He Did It.

DUNDY, Penn., June 30.—James J. Mooney, of Perry County, is on his second wedding trip, first having been made fourteen months ago. He has been stopping with his bride for a few days with a relative, a farmer of Central Susquehanna County. Two years ago Mooney was engaged to be married to Anna Mary, the daughter of a farmer in Perry County. At a Sunday-school picnic, Mooney found fault with his affianced because she received the attention of another young man. A quarrel resulted, and the engagement was broken off. Mooney then began paying his attentions to "Betty," a sixteen-year-old sister of his former sweetheart. They became engaged, and the day was set for the wedding. Two days before that day Miss "Betty" took offense at something he had said or done, and broke the engagement. Mooney was unable to change her mind, and the elder sister, his first love, who had not spoken to him since they had become estranged, wrote to him expressing her regret that her sister had treated him so shabbily. He renewed his suit to Miss Anna, and was again accepted. They were married in the spring of 1883. Mrs. Mooney died three months later. Last winter the young widower began paying his attentions again to the younger sister, who had refused to marry him a year before. She accepted him again, and they were married on Tuesday last week, and are taking the same route on their wedding tour that Mooney and his first bride took.

A FURIOUS NEGRESS

TOCOGA, Ga., June 30.—Jas. Burgis, a negro of Franklin County, had two grown daughters. While the girls were preparing to go to church a dispute arose between them about the ownership of some article of wearing apparel. Their noisy demure attracted the attention of their father, who, after investigation, decided that Lula, aged 17, was the one in fault. He then took her to the kitchen, and was flooring her when Martha, her sister, caught him by the arm and took him away. Lula, finding herself released, grew furious and grasping an ax, stepped up to her father, who had his back toward her, and buried the ax in his head. He died three hours after.

AT the house of Colonel Johnson, 521 Ware avenue, St. Louis, Charles Sanders, a worthless negro vagabond, assaulted his wife with a revolver as she opened the door in answer to a ring at the bell. She ran screaming through the hall, parlors, and finally into the cellar, he pursuing and shooting. When he reached the cellar he had emptied his revolver, whereupon he drew a murderous butcher knife and finished the job, stabbing the woman to death. He then escaped, leaving the female inmates horrified. His wife had cut off his supplies from her earnings was wist led to the assault.

**A Cure of Pneumonia.**  
Mr. D. H. Barnaby, of Oswego, N. Y., says that his daughter was taken with a violent cold which terminated with pneumonia, and all the best physicians gave the case up and said she could live but a few hours at most. She was in this condition when a friend recommended Dr. Wm. Hall's Balsam for the Lungs, and advised her to try it. She accepted it as a last resort, and was surprised to find that it produced a marked change for the better, and by persevering in its use a cure was effected.

**Breezes in the Spice Islands.**  
are not laden with more fragrance than a breath rendered pure and aromatic with Soudont, which restores whiteness to yellow teeth and soundness to defective ones. Neither man nor woman can hope to carry any point by the force of persuasion, with a mouthful of unclean, discolored teeth and an unpleasant breath. Soudont remedies both these repulsive physical traits, and is preeminently healthful as well as effective.

Emory's Little Cathartic Pills are sufficiently powerful for the most robust, yet the safest for children and weak constitutions.—15 cents. eod&w(7)

**For Dyspepsia, Indigestion, Depression of Spirits, and General Debility,** is their potent force as a preventive against Fever and Ague, and other Intermittent Fevers. "Eucalyptophosphoric Acid" of "Cathartic," made by Cassell, Hazard & Co., New York, and sold by all druggists, is the best tonic and for patients recovering from Fever or other sickness it has no equal. Justifiedly so.
